CREATE YOUR WEDDING PACKAGE

PRICE GUIDE 2024

DEAR CUSTOMER

This comprehensive Price Guide is designed to make your wedding planning as simple and stress free as possible.

Couples really need to have clarity about the costs of all their stationery items so they can plan and budget for the things they really want and to be assured also that there will be consistency of design and quality in all the items they choose.

I have developed this range of go-to products which will be all you need from the first announcement of your wedding, to when your guests are seated and enjoying their meal.

The Price Guide has been structured so that you can see at a glance how much each item of stationery will be which will allow you to easily decide which combination of items will work with your budget.

Use this guide as a very comprehensive overview of all the products I provide, but certainly there are other options (finishes, sizes, styles etc) available so please do enquire if what you are looking for is not detailed here.
